

TRY Publicist's pal strikes again

BY WAYNE KROKBACK
*Skip Ewing - Naturally -
Capitol Nashville C.D.

Politics... radio t.v. error .. who knows? But why are we not hearing or seeing any cuts from this release? From the first song "The Yodelin' Blues" to the last song "What I Wouldn't Give" it is pure listening pleasure. I enjoyed it many times over.

Skip Ewing has his name on all cuts and they are excellent. Where is the exposure? There is overkill on product that couldn't hold a candle to "Naturally". I think this may become a favorite in your collection. Enjoy.

*After The Lights Go Out -
C.D. Compilation - Roto Noto
Music RCD-20111*****

Another great collection of country music from Randall Cousins of Roto Noto Music. Cuts like "Singin' Songs of Love" .. Canadian Country Chorus, "Old School of Love" .. Hallie Ross, "In My Arms" .. Mark Severn and "Standing on the Mountain" by Lynne Wilson and the Rebels are very good. Canadian and U.S.

• *Diane Raeside - Crazy*

*Infatuation - Roto Noto RCS -
20112 ****

Diane Raeside isn't a household name ...yet! With her vocal talents it won't take long, and it will be worth the wait. She doesn't sound like Reba, Dolly, ~~Reba~~ or even Patsy - she sounds like Diane Raeside. And that's pretty good!

Good sounding tunes are "Crazy Infatuation", "I Don't Need You", "List of Broken Hearts" to name but a few.

*Laura Vinson and Free
Spirit - Rise Like a Phoenix -
Homestead - HDI - 918*

As with Diane Raeside, Laura Vinson proves many times over that Canadian country ladies don't have to take backseat to anyone.

Not to make her seem old; Laura Vinson has been in the business a long time with almost major success. Now with the way country music has gone all over the world she should be a "shoe-in".

Tunes to turn your ear are: "Like A Phoenix", "Gun Shy", "Half a Half Breed" and "The Spirit Sings" Laura also helped write all the cuts.
